Supreme Court Rules 20–25

Unless otherwise indicated, these rules apply to courts as they are brought onto the

Kansas eCourt case management system. They require the filer to correctly designate the case and document type. They also require the filer to indicate if the document complies with Rule 24 protecting personally identifiable information or if it is filed under seal.

These rules are necessary to protect individuals' personally identifiable information as district court records are made accessible through the public access portal as part of the Kansas eCourt case management system.

Supreme Court Rules 20–25 are known as the [Kansas eCourt rules](#) and they can be found on the [Search Rules page](#).

Future tracks

Track 9, which is the 18th Judicial District (Sedgwick County), has an anticipated go-live date of August 7.
